Chapter 1

Introduction

1.1 Purpose and scope

This is the Project Plan Document for the software project MY TAXI SERVICE. The goal of this document is to perform a preliminary analysis on the project feasibility and to indicate its required effort and time, to designate and allocate tasks, and to perform risk assessment and recovery protocols.

This document is targeted to the project managers, designers and developers, as the first step in assessing what needs to be done.

General information on the MY TAXI SERVICE project itself may be found in the reference documents, as specified below.
